

Educational Websites

Here are some websites you can access at home to help your child with language arts and math skills. We use these websites at school and they are very helpful and fun for the students!

www.brainpopjr.com

(Username: missionvalleys Password: wildcats)

www.starfall.com

www.primarygames.com

www.funbrain.com

www.gameaquarium.com

www.aplusmath.com

www.wildmath.com

www.pbskids.org/arthur/games

www.apples4theteacher.com

***Google Search:** California state released test questions 4th grade
(If you type this into google, it should take you to a link where you can access released test questions in Language Arts & Math from previous years. This is a great way to practice skills for their test coming up!)
